## **Art** Programme of Study

Use a range of materials creatively to design and make products. Use drawing, painting and sculpture to develop and share their ideas, experiences and imagination.

Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.

Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

Produce creative work, exploring their ideas and recording their experiences.

Evaluate and analyse creative works using the language of art, craft and design.

Create sketchbooks to record their observations and use them to review and revisit ideas.

Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).

Learn about great artists, architects and designers in history. Become proficient in drawing, painting, sculpture and other art, craft and design techniques.
